- A special QSL will be edited for this event.
- A special diploma (size A4) will be edited also. It will be delivered to people who will have 6 official stations contacted at least, and who will sent their log or QSLs.
- The contribution is voluntary .... but an envelope with your address (or more, if you want, hix40 !) would be extremely appreciated, in order to save time to the manager.

- For the stations having 6 official stations contacted, and wishing to receive the diploma, please simply join an adhesive label with your address. Do not join a self-addressed envelope .... size A4 !!!!

### Reward

A reward will be allotted to the first 3 stations (whatever the group) who will have contacted all the official stations, in the minimum of time.

However, if nobody succeed in contacting all the official stations, the classification for the rewards will be made in decreasing order (8 official stations and most quickly, 7 official stations and most quickly .... etc).

The rewards will be given to the winners during the french general meeting 2008, and the classification of the trio, put online on the french AT web site, at the end of this meeting.
